Date: May 9, 2012

To: Scott McDaniel, Director of Staff Branches

From: David C. Wieder, Maintenance and Operations Branch Manager

Subject: Addition to the approved over \$50,000.00 project list

The project listed below is in addition to the projects approved by the Transportation Commission in June of 2011. According to state law and PD 1000.0, this project must be approved by the Transportation Commission before the work can be undertaken. I request that this addendum be presented for approval at the May 2012 Transportation Commission meeting so that the work can commence as soon as possible. Structure A-27-AF on I-76 at MM 172 has been found to be failing in several locations. The extent of the damage is unknown at this time. Please see the attached memo from Gene Fisher, R-4 Bridge Supervisor to Ed Stieber Region 4 Deputy Superintendent describing the damage and estimating the cost between \$100,000 and \$150,000.

Region 4 – Greeley

Highway	MM	Project Type	Estimated Cost
76	172	Bridge Deck Repair	\$100,000 - \$150,000
		State total	\$100,000 - \$150,000

Sufficient funds exist within the appropriate MPA's to pursue this additional project. The project is in accordance with the directive and all other requirements.
